Serial work definition : Audiovisual work produced in individual episodes or parts which bear a relationship to each other and (usually) a common title for the whole series. Not to be confused with the work type Series (SE) - Dramatic & Comedy Series, Serials, "Soaps".

Complete as much information as possible for a better identification of your work, on all pages.

Open the Help pop up message if needed.

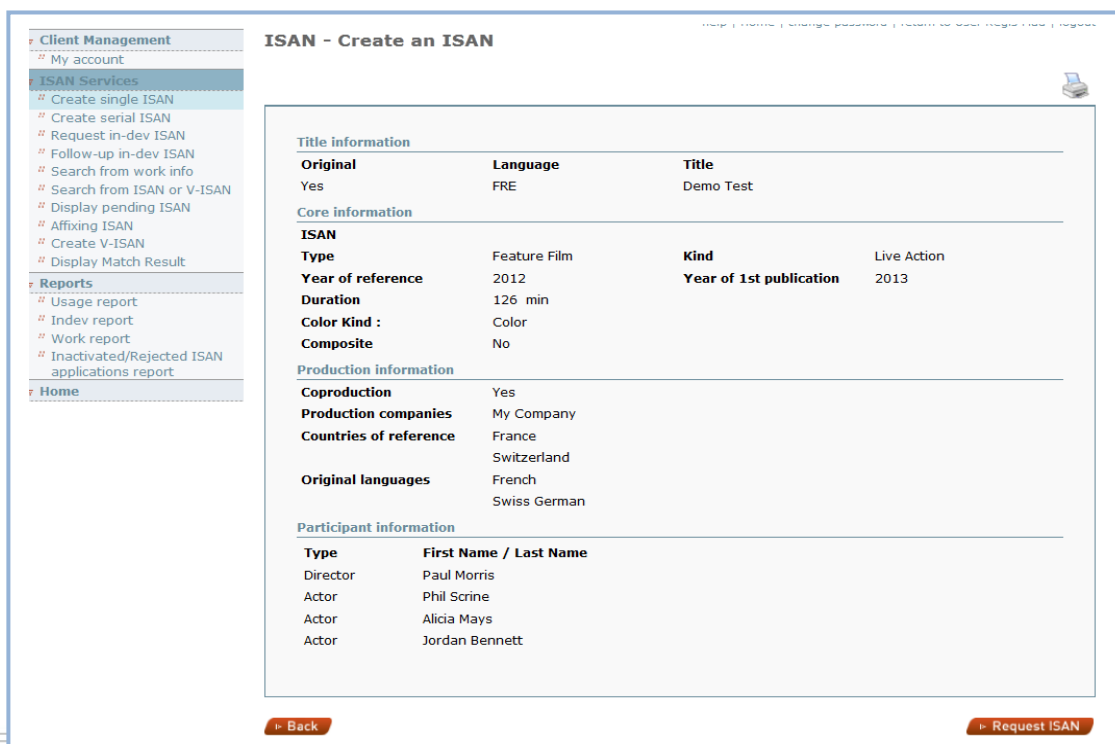

The screenshot shows the 'ISAN - Create an ISAN' form. A help popup window titled 'Work Type - Mozilla Firefox' is open, showing 'Actual Values' for 'Commercials / Advertising film' and 'Compilation'. The popup also includes a 'Next' button.

▪ Some reasons for delivery delay :

- The title is already in the ISAN database and to avoid duplicate ISAN, your registration has been “blocked” and is pending in the ISAN database
- Your title is very similar to other title(s) already in the database (same actors, director, year of reference, etc...) and to avoid duplicate ISAN, your registration has been “blocked” and is pending in the ISAN database

Check the pending registration in selecting “**Display pending ISAN**”.

In case of an original work title in a non roman language (E.g. Japanese, Chinese, Korea, Arabic, Indian, Russian, etc) please enter an alternate title in roman language too.
